Aluminium  
Plantation Shutters

# Security, Safety & Style...

## Securing your home doesn't need to sacrifice style.

SeceuroStyle Aluminium Plantation Shutters combine the design aesthetics of traditional plantation shutters with the strength and security of premium quality aluminium. Transform your windows or doors into a stunning feature, while adding high security protection to your property.

### The Perfect Fit

Custom-made to fit any window or door, SeceuroStyle Shutters provide an elegant, all-in-one alternative to curtains, blinds and traditional security barriers. They provide privacy and light control and easily glide away when not in use, stacking neatly to leave your views completely unobstructed.

### Built to Last

Designed in security conscious South Africa and made from durable powder-coated aluminium, SeceuroStyle Shutters are guaranteed for up to 10 years, providing long-lasting peace of mind. The rust-resistant materials make them perfect for internal or external use, including moisture-rich bathrooms, kitchens and even homes in coastal locations.

#### SeceuroStyle Security Features

- Exceptionally strong powder-coated aluminium
- Unique patented louvre attachments
- High security multi-pin locking system
- Industrial strength wall/window fixings

Thick reinforced louvres with 2-way pivot, making them difficult to break

Secure hidden fixings for extra security

Up to 65 mm lock pins at both top and bottom

# Flexible Options.

Whether security is your top priority or you are simply looking to upgrade your existing window dressings, SeceuroStyle Shutters offer a bespoke solution, tailored to your exact needs.

You can even mix and match across the range. For example, choose SeceuroStyle Security Shutters on the ground floor for maximum security and SeceuroStyle Lite Shutters on upper floors, to create a beautiful uniform look throughout your home.

## Expert Advice

Choosing starts with the window or opening and your design and security requirements. Your accredited installer will expertly guide you through the process of selecting the SeceuroStyle Shutters that are right for you, your budget and your home.

# Versatile Design...

Available in a choice of designs and fittings, SeceuroStyle Aluminium Plantation Shutters are custom made to perfectly fit your home, inside or out.

## Hinge Solution

The SeceuroStyle hinge solution folds flat against the wall, without taking up any space in the room. It offers the highest level of light control and is a great solution for windows and doors up to 2.4 metres wide.

## Track Solution

Designed to stack outwards, SeceuroStyle's bifold track solution offers the same security benefits as hinged shutters, with a smooth, floating track system. Panels can be stacked to the side or fully floated to make the most of your opening.

## Stylish Frames

SeceuroStyle Shutters are available in a choice of stylish frames for both reveal and face fitting. The innovative rebated design hides imperfections on walls and window alcoves, without the need for additional rubber strips that can perish over time.

*"Adding a mid-rail gives you the flexibility to open and close the top and bottom of the shutter independently, for optimum light control."*

# SeceuroStyle Shutters.

While the number one reason for purchasing SeceuroStyle Shutters is undoubtedly security, their versatility makes them a great solution for transforming your indoor or outdoor space.

## Interior

Barely there when stacked, SeceuroStyle Shutters provide a clean yet cosy feel when closed, giving you total privacy, while revealing varying levels of light and external views when louvered at different angles. The moisture-resistant design and hygienic wipeable surfaces make them a practical choice for humid bathrooms and busy kitchens.

## Exterior

SeceuroStyle Shutters can be fitted to the inside or outside of doors and windows. They can also be used to create a stunning outdoor entertainment space. Weather-resistant and durable, they withstand bright sunlight, offer shelter from the rain and are a stylish solution for securing garden bars or summerhouses.

## For your Comfort

SeceuroStyle Shutters help keep your house cool, day or night. Simply lock your shutters and fully open the louvres for a complete security barrier with maximum ventilation.

Transform  
Your Home...

# Choice of Colours.

SeceuroStyle Shutters are available in five standard colours, as well as any custom colour to perfectly complement your home.
