

# GARAGE DOOR

PRICE LIST FEBRUARY 2018

**WESSEX**  
**DOORS**

Includes Auto Over Insulated Roller Garage Doors

## COMPOSITE GARAGE DOORS

Wessex Doors is Europe's largest manufacturer of low maintenance Composite garage doors and a leading innovator in the field of garage door design.

Based in Verwood, Dorset, with its head office at Blackrod, Bolton, Wessex Doors manufactures a range of hand built and finished doors in strong durable Composite with either luxury Gloss White or faithfully reproduced Woodgrain finishes..

### Welcome to the Wessex Garage Doors Price List

Composite G.R.P. is an incredibly strong, dent resistant modern laminate with a better strength to weight ratio than steel. The door face is devoid of joints, seams, rivets or fastenings to detract from its good looks. All doors are supplied fully finished, won't warp, shrink or rust and are virtually maintenance free. Up and over and side hinged doors are built onto a strong, corrosion protected steel chassis that provides a protective "picture frame" edge all around the door panel.

#### Contents:

COMPOSITE UP AND OVER GARAGE DOORS	3 - 5
UP & OVER DOOR OPTIONS	6
UP & OVER DOOR GENERAL INFORMATION	7
AUTOMATION	7
COMPOSITE SIDE HINGED GARAGE DOORS	8 - 9
INSULATED ROLLER GARAGE DOORS	10
TECHNICAL DETAILS	11 - 14
WARRANTY	16

#### PRICES & NOTES

All Prices are in £ Sterling and exclude VAT & delivery.

Illustrations in this brochure are intended as a guide only to product styles and profiles. Handle positions will vary dependent upon the style, operation and size of the door. Side and top stiles (the area around a particular design) may vary in width and height dependent upon the size, even on doors of the same style.

**G.R.P. CROWN RANGE****• 3 Crown G.R.P. Doors (Standard)**

Garage doors in standard and made to measure sizes, featuring a corrosion protected steel chassis to provide added strength and rigidity. Available with canopy or retractable gear. Available with window options where applicable.

**• 4 Crown G.R.P. Doors**

Garage doors in standard and made to measure sizes, featuring a corrosion protected steel chassis to provide added strength and rigidity. The back of the door panel is covered with a "flowcoat" of resin for increased rigidity and a neat interior finish in light reflecting white. Available with canopy or retractable gear. Available with window options where applicable.

**• Chassis Colour**

White doors will come on a white chassis, ebony woodgrain doors on black chassis and all other woodgrain colours on brown chassis.

Red, Green and Blue colours and Coastal colours on a white or black chassis.

**GEARING****• Canopy Gear**

Canopy doors between 1930mm (6'4") and 2134mm (7'0") high and up to 2438mm (8'0") wide are fitted with Canopy gear featuring high security two point locking and five point retention.

**• Single Retractable Gear**

All retractable doors between 1930mm (6'4") and 2134mm (7'0") high and up to 3048mm (10'0") wide are supplied with straight arm gear with multi springing. Two point locking is standard on most doors.

**• Double Retractable Gear**

All doors over 2134mm (7'0") high and all doors over 3048mm (10'0") wide are supplied with this gear. All have multi-springing feature.

**LOCKING**

All Wessex doors are supplied with secure two-point locking as standard. Optional brass effect lock available.

**GENERAL INFORMATION****• Handle Positions**

These will vary between canopy and retractable doors of the same size and same style, and between doors of different sizes of the same style with the same gear.

**• Handle Holes**

These will be drilled as standard. If a handle hole is not required this must be clearly stated at time of ordering.

**• Glazed G.R.P. Doors**

All window design doors are fitted with standard black (opaque) windows, which cannot be seen through. Clear and stippled translucent windows are available as options on 3 Crown doors only.

**• Matching Woodgrain G.R.P. Doors**

Where doors are to be fitted in close proximity and are required to be coloured as closely as possible, it is vital that they are clearly requested 'To Match' at time of ordering.

**• Made to Measure Door Prices**

Take the next door size up e.g. 3810mm (12'6") wide x 2032mm (6'8") high take the 3962mm (13'0") price. Note: Where a price is marked \* please refer to the size parameter details below the price for the actual maximum / minimum door size available. Made to measure doors are available in 5mm increments.

**• Opening Size**

All door sizes stated in this price list refer to internal frame dimensions. Due to the bespoke nature of Wessex garage doors we regret we can not accept order cancellations.

**• Top & Bottom Rails & End Stiles**

Top, bottom and end stiles (edges) may vary in width or height between doors of the same style depending on size ordered. This is to enable us to cater for your particular size of garage door. If in doubt, please refer to Wessex before ordering.

**FINISHING & MAINTENANCE****• G.R.P. Doors**

Please study the cleaning and maintenance label attached to the back of the door for advice on keeping your door in top class condition.

**• Steel Frames**

Primed steel frames require a suitable undercoat and topcoat to be applied shortly after delivery in order that the product warranty is not invalidated.

**• Door Lubrication**

All doors require regular (6 monthly) lubrication of the pivot points and bearings. Full details are contained in the Wessex Service Passport supplied with door.

Up to 7'0"	1537	1502	1730	1730	1616	1411	1411	1616	1616
Over 7'0"	-	1560	1788	1788	1674	1469	1469	1674	1674

\*Size code refers to approximate door size excluding frame. No fitting clearance allowed. If door is fitted between the brickwork a minimum of 10 mm clearance over the width and 5 mm over the height should be added to the overall frame size when selecting the door.

### OPTIONS

Option	Per Door
Sherwood Clear or Stippled Windows type*	430
Lymington Clear or Stippled Windows type*	328
Georgian Clear or Stippled Windows type*	328
Georgian Black Windows type*	160
Colour Options available for woodgrain doors, Red (RAL 3020), Blue (RAL 5011), Green (RAL 6009), Beaumont Blue, Bluebell Blue, Seagrass Green, County Cream, Charleston Grey	300
White Flowcoat to rear of door	130
Side Hinged Left Hand Leaf leading (RH standard, viewed from outside)	70
Side Hinged Pair of Stays	60
Anodised White Aluminium Handle	92
Anodised Chrome Effect Handle	117

Side hinged doors include a frame as standard in Black / White / Brown - please specify the required colour.

A black lever handle is supplied as standard.

The handle will be positioned approximately central to the active door leaf edge, this may vary dependent on door style and/or door feature position.

The Ripon / York / Lymington are available as 2/3: 1/3 opening on doors up to 7'0".

The Majestic is 2/3: 1/3 available up to 7'.

The 1/3 door leaf is a fixed width of 800mm and always leading.

\*Please specify leading requirements

**WESSEX**  
DOORS

## Side-hinged Garage Door Specifications

Platinum doors are built onto a steel chassis that provides a neat edge to the door panels and gives the door strength and rigidity.

The chassis is available in white, brown or black. White doors will come on a white chassis, ebony woodgrain doors on black chassis and all other woodgrain colours on brown chassis. Red, Green and Blue colours and Coastal colours on a white or black chassis.

Frames are provided in a matching colour.

Side hinged doors have a black lever handle that operates a locking latch to the active leaf, whilst the inactive leaf is secured by a shoot latch bolt.

The rear face of the Platinum side hinged doors is white.

### Side-hinged door factory pre-framed

#### Behind brickwork fixing

#### Between brickwork fixing

The nominal drive through clearance is 124 mm less than the opening width and 12 mm less than the opening height.

### Fixing options

**Standard guides:** 70mm for doors up to 3500mm high  
90mm guides for doors over 3500mm high  
**Compact guides:** 66mm

## Canopy Gear Specifications

The canopy gear allows the door to travel in vertical tracks and is counterbalanced by an overhead torsion spring.

The nominal drive through is 40 mm less than the opening width and 130 mm less than the opening height.

In the open position, the door projects approximately one third of the door height, forming a canopy.

For doors fitted with an operator, please respect operator specifications.

## On-site timber frame

### Between brickwork fixing

## Factory pre-framed with steel box frame

The garage door is supplied factory fitted to a steel box section frame and is secured to the brickwork by using just 7 fixings.

### Behind brickwork fixing

\* width of anchor in this position

### Between brickwork fixing

## Single & Double Retractable Gear Specifications

The retractable gear allows the door to be retracted inside the garage when open by means of horizontal overhead tracks supported by wall or ceiling mounted suspension brackets. This gear is available as an option for single doors and comes as standard with double garage doors.

The nominal drive through clearance is 105 mm less than the opening width and 110 mm less than the opening height for single doors and 140 mm less than the opening height for double doors.

For doors fitted with an operator, please respect operator specifications.

Please Note:

- As Wessex GRP Products' policy is one of continuous improvement, we reserve the right to change the specification or withdraw any products without prior notice.
- All details are correct at time of going to press. E & OE.

Product Guarantee – WESSEX GRP PRODUCTS LIMITED. (Wessex)

Subject to conditions set out below;

- Wessex garage doors are guaranteed against any form of manufacturing defect for a period of 2 years from the date of original purchase.
- Wessex electric operators are guaranteed against any form of manufacturing defect for a period of 2 years for mechanical elements, motors and transformers and for a period of 2 years for other electronic and radio equipment.
- The Exterior finish is guaranteed to provide an effective weatherproof membrane which will resist perforation of the substrate from the weather side due to corrosion for the periods indicated below.  
2 years - GRP
- Colour change or fade to the exterior surface will be limited and uniform for a period of 2 years.

#### CONDITIONS

- During the comprehensive 2 year guarantee period Wessex GRP Products Limited undertake to repair or replace (at its discretion), and without charge, products or components which have suffered any form of manufacturing defect. Claims must be notified within 3 days from the date of delivery or within a reasonable time after discovery of any defect.
- Products covered by these guarantees must have been purchased through an authorised Wessex garage door distributor or as original equipment attached to a newly built dwelling.
- The warranties shall apply for normal use only. Normal use constitutes no more than 5 operations (open/close cycles) per day.
- The warranties offered attach to the Wessex product only and no consequential damages will apply no matter how caused.
- No liability will be accepted as a result of normal wear and tear, incorrect storage, incorrect handling, faulty installation, incorrect use, non adherence to routine maintenance schedule or wilful damage..
- Claims under this guarantee must be made through the original supplier and accompanied by relevant documentation indicating the date of purchase (e.g. receipt).
- Wessex GRP Products Limited maximum liability shall be the original purchase price inclusive of Value Added Tax at the rate prevailing when supplied.
- Any product which is the subject of a claim:
  - must have been correctly installed in accordance with the installation instructions supplied and thereafter properly maintained by a suitably experienced engineer on a regular basis as set out in the Maintenance and Operating Instructions provided with every door. (Additional copies of these instructions are available by calling 01942 832 355). We recommend that regular maintenance is provided by a suitably experienced engineer. See your Yellow Pages for your local Wessex Garage Door or AGDS specialist.
  - must have the manufacturers reference number still intact (found on the barcode label on the door)
  - must not have been modified in any way.
- Claims will not be accepted where the cause is due to:
  - impact or mechanical damage suffered during or following installation, e.g scratches, indentations, tears, scuffs or other surface abrasion.
  - damage or discolouration caused by contact with any form of caustic, abrasive or corrosive substance, fumes, bird droppings, fire, smoke, floodwater, salts, acids, or from exposure to abnormal atmospheric pollution.
- This guarantee excludes normal wear and tear on items such as cones, cables, spindles, lock cylinders, hinges or springs.

- Only Wessex original spare parts must be used when required. The use of non-Wessex parts shall invalidate this guarantee. Warranty period for replacement parts is 6 months or the balance of the original warranty period if greater.
- The Exterior Finish Guarantee applies only to the weatherside surface and where more than 5% of the surface area of the door is affected. Surfaces must be freely exposed to washing by rainfall and kept clear of accumulated dirt and debris and given equal exposure to local environmental conditions and consistent natural lighting conditions across the face of the door. Special attention is drawn to Clause (9) (i).
- The guarantee period for electric operators excludes batteries, fuses and light bulbs.
- Parts replaced free of charge become the property of Wessex GRP Products Limited.
- Attempted repairs by non-qualified individuals shall invalidate this guarantee.
- The specific terms of this guarantee shall only apply to products purchased on or after August 2010 within the UK and Eire.
- Wessex garage doors and associated products are sold subject to the Wessex GRP Products Limited Standard Terms and Conditions of Sale, copies of which are available upon request. Wessex GRP Products Limited shall not be liable as a result of any representation, implied warranty or other term or condition or for any consequential loss or damage, costs, expenses or other claims whatsoever except as expressly set out in these Terms and Conditions of Sale.

#### General Advice

##### Door Cleaning

Periodically clean the door panel using warm water and a soft cloth or sponge. Allow to dry naturally. Never use detergent, abrasive, caustic or solvent based cleaners as they may damage the door surface. Bird droppings should be removed immediately as these can be particularly caustic.

##### Customer Maintenance

Moving parts should be lubricated regularly to ensure smooth operation. Every six months visually inspect all wear items (including cables) for signs of wear. If wear is detected we recommend you contact your local Wessex approved service engineer to arrange for a replacement. Garage door springs are under extreme tension and should only be repaired or replaced by a suitably qualified engineer.

Other performance issues affecting Wessex. garage doors are:

Wessex G.R.P. doors are individually handcrafted products manufactured to specific customer order. Due to the nature of the product and the hand finishing processes used they may occasionally display small blemishes which do not detract from the overall appearance of the product. These are regarded as being within manufacturers tolerance when such blemishes are not visible to the naked eye when viewed from a distance of three metres. Similarly, Woodgrain effect products will, like the natural material, display colour variations across their surface and colour will vary from door to door. Ordering doors to match helps reduce the variation but will not eradicate it entirely.

Translucency of the door panel may vary when viewed from the inside on a bright day due to variations in laminate thickness. This does not represent a manufacturing defect and overall performance is not affected.

Size and Deflection - the natural curing process does not affect the ultimate product size and a tolerance of  $\pm 6\text{mm}$  on both height and width is deemed acceptable. One piece up and over doors in the 'open' position will display a level of vertical deflection or 'sag' across the width of the panel and up to 6mm per linear metre is within design tolerance.

These terms and conditions do not affect your statutory rights.
